Build traffic and add revenue for your store

Money Machine 2 is an income earner and essential service-delivery tool

Money Machine 2 self-service coin counters are the fastest, high-capacity coin processors in the industry. The Money Machine 2 provides the industry's best return on investment, improves customer service and repeat business from loyal customers. As the world's most powerful coin counter and sorter, Money Machine 2 delivers 98% uptime for consistent, reliable customer transactions. And more uptime means more income-earning transactions for you and more satisfied customers in your store.

Bin coin collection provides large coin capacity— up to 70,000 coins— as well as handling simplicity. Bin collection minimizes interruptions and maximizes machine uptime.

Earn more from your investment. 100% of fees go toward your bottom line – increase income and improve cash flow.

Control fees for improved ROI. Adjust the service fee to be competitive – control your earning power.

Traffic-building service

Approximately 70% of Canadian households collect their loose change for later redemption. A rapidly growing percentage of these savers are taking advantage of newly available self-service coin counters in retail stores. Coins are ubiquitous and convenient processing services are in great demand all over the world.

Cash in customers' hands

Installation of self-service coin machines encourage your regular customers to visit your store to redeem their coins. This means much of the cash redeemed in your store is likely to be spent in your store. Average amounts reportedly redeemed per visit range from <\$50 (73%) to between \$50 and \$99 (27%).

Positive customer experience

Selecting the Money Machine 2 for your store's coin-counting needs ensures your customers receive a level of service excellence above reproach. 66% of participants were able to use the machine with no outside assistance from store personnel. Customers remarked on Money Machine 2's speed, ease of use, clear instructions and modern appearance.¹

Accuracy and dependability

Balancing is easy when counts are accurate. Money Machine 2 processing is intuitive and precise, with 99.995% accuracy. This translates into worry-free operations, and greater efficiency at your service counter.

Unmatched dependability—warranted to 50 million mixed coins—ensures uninterrupted service to your customers and customer service personnel. The Money Machine 2 is designed with only one moving part, which means fewer jams and lower maintenance costs.

Money Machine 2 features and options

Money Machine 2 is built for fast, effortless operation and best-in-class reliability. Designed to maximize customer satisfaction, it provides tremendous feature flexibility to suit your preferences and operational requirements.

Coin-collection systems

A choice of four coin-collection systems makes coin management and pickup flexible.

Single or dual bin: Coins are securely collected and stored for transport in a single mixed coin bin holding up to 70,000 or two bins holding up to 140,000 mixed coins.

Mixed or sorted bag: A system of 16 high-volume bags hold up to 80,000 coins mixed or sorted by denomination.

Single bin coin collection provides large capacity – up to 70,000 coins – as well as simple handling. Dual bin coin collection provides a total of up to 140,000 mixed coins.

Dual bin coin collection minimizes interruptions and maximizes machine uptime.

High-strength, polymer bins are easy to change with lightweight dollies and can be stacked for easy storage.

Bag collection sorts or mixes coins by denomination into 16 high-volume bags for a capacity of up to 80,000 coins. Bag stations roll out for easy access.

Remote management access

Keep tabs on one or more coin counters through remote-management software. Remote management gives you immediate access to bin/bag levels, daily reports and transaction history in real-time, with instant notification of error alerts. Schedule bin pickups, update machine messages or monitor activity from your desktop or smartphone.

Enhanced bag management screens

Personnel will appreciate the highly visual bag management system displayed on the unit's touch screen. Steps for changing full bags are simplified and the interactive display keeps training to a minimum.

Attractive machine graphics bring attention to your coin counter and help increase usage.

a self-service coin machine.

Machine graphics

Outfit your coin-counting machines with eye-catching graphics. Choose customized graphics to reflect your brand, use the standard graphics shown, or opt for attractive stainless steel panels or add top sign graphics only.

Choose how coin counting is added to your store

When compared to the competition, we give you more choices for adding or replacing self-service coin machines.

Own your coin machine, have a Money Machine 2 placed in your store free of charge, rent, or lease. You have the freedom to choose the best option, and your customers enjoy the benefits of

World class service and support

Cummins Allison service technicians stand behind each product. Delivering dependable, local service and parts inventories, each skilled professional is trained to maintain your specific machine requirements. CA service is unparalleled, 97% satisfaction to customers day in, day out, year after year.

Money Machine 2 self-service coin counter

Standard features

High-speed processing: At speeds as fast as 4,100 coins-per-minute, Money Machine 2 boasts the fastest coin sorting in the industry.

Advanced debris management: Debris such as paper clips, screws, bolts and bent coin is diverted to a debris cup for easy disposal.

Continuous suspect coin detection: Suspect coins are uncounted and diverted to a coin-return cup while maintaining the unmatched coin-sorting speed.

Transaction memory and reporting: More than 30,000 transactions are stored in the Money Machine 2 memory. Daily reports can be easily obtained at any time by authorized employees (as many as 100 individual user passwords).

Customizable screen display: Customized graphics can be placed on the initial customer greeting screen. Text can be customized with specific phrases such as service-fee amounts and fee disclaimers.

Customizable transaction receipt: Up to four lines of text can be printed on both the top and bottom of the patron receipt. In addition, two logos may be printed on the receipt.
